NUMBER 40

## UNION LEADERS BACK STAND OF RELIEF WORKERS

**Declare Their Sympathies  
for Gurnee Men Who Re-  
fused Low Wage**

Stand of the 16 residents of Gurnee who refused to accept 35 cents an hour for work on the C. M. & St. P. railroad grade separation project at Gurnee and their demand for 50 cents an hour was given the support of union labor organizations in Lake county, this week.

While none of the men involved are members of the laborers union it is understood that the issue will in all probability come before the Lake county Central Labor Trades council at its next meeting.

### Has Labor Support

The sympathy and support of every union man in Lake county is with the men in their stand. W. A. Metzger, business agent for the Teamsters and Chauffeurs union, said yesterday, "The wage of 50 cents an hour is not sufficient for any man to say nothing of 35 cents an hour, especially where he has a family to maintain."

### "I intend to investigate the situation thoroughly," Tom Rossi, of Highwood, business agent of the Laborers Union, said today. "We are trying to boost wages instead of reducing them. This country will never return to normalcy if such conditions are permitted to continue."

### Will Go to Work

In the meantime 15 of the 16 who refused to go to work have changed their minds and are merely awaiting the arrival of tools to take up their duties on the railroad project this week. All of them with the exception of Odle Herman, who says that he intends to follow tenting for a livelihood have agreed to take the work at 35 cents an hour. The work is but temporary however, and cannot last for more than several weeks.

### District Director of P. T. A. Tells Aims of Organization

The large number of Antioch people attending the May meeting of the Parent-Teachers association at the grade school Monday night heard Mrs. C. L. Reed, director of District 25 of Illinois, speak on the aims of the parent-teachers association and the accomplishments by the state and national organizations.

Vocal selections were by Mrs. G. W. Jensen, accompanied by Miss Roberta Lewis.

Mrs. Adolf Pesant, Jr. presented the history of the local organization for the year 1934-1935. Among the accomplishments of the association during the school year are:

"The examination of children's teeth disclosed that out of the 192 examined 92 had perfect teeth. This report showed that 134 pupils were immune to diphtheria."

The first activity of the PTA was on Sept. 10 when a reception was held at the high school for the grade and high school teachers, and the first regular meeting of the association was held on Oct. 8.

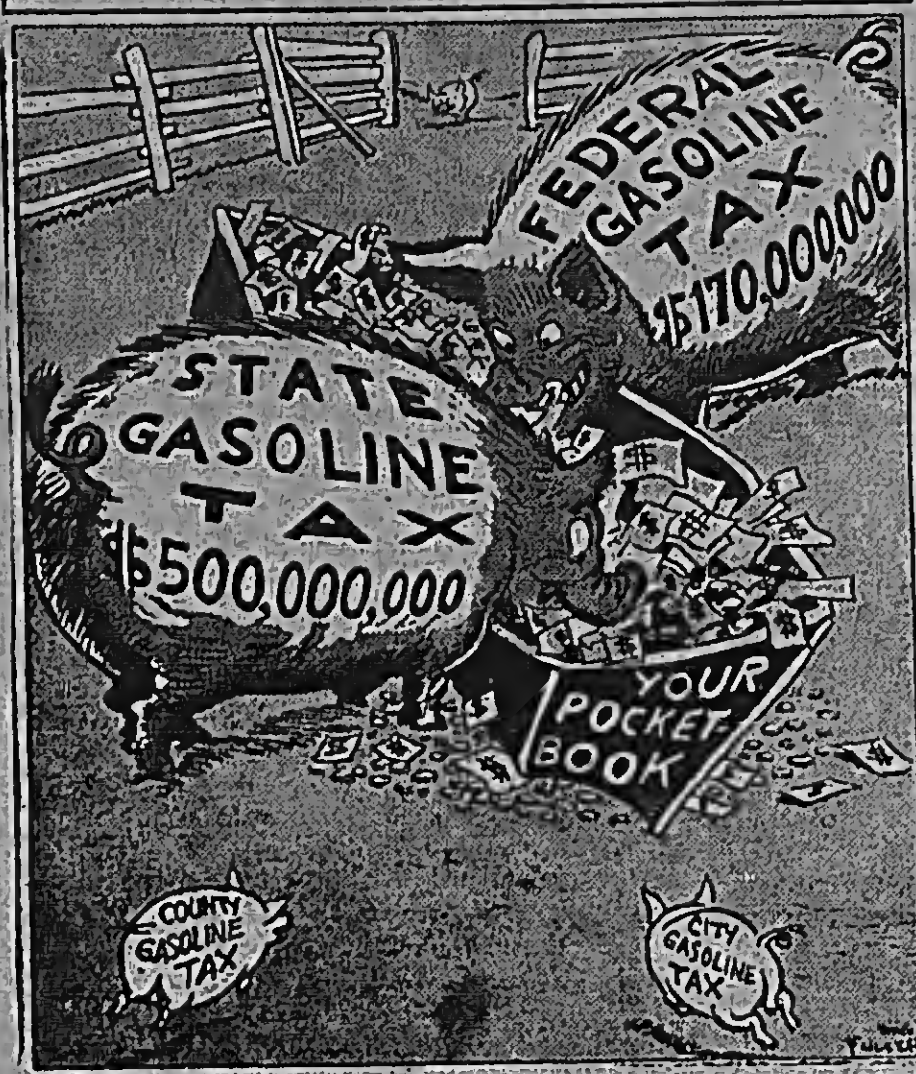

Since that date card parties have been given each month and the proceeds have been used to carry on the work of the organization. Antioch merchants have co-operated in these events by donating prizes. The regular meetings have been both instructive and entertaining. Founders' day was observed at the February meeting. More than 100 attended this meeting.

### Gives Financial Report.

The report of the finances of the organization showed that \$166.25 has been received. Of this amount \$24.00 was from dues; \$135.00 from card parties, and \$7.25 donations from the Antioch Legion Post. Disbursements for larger items included: Milk for lunches, \$47.00; Ill. Congress of Parents and Teachers, \$8.20; Room rent, \$24.00; entertainment expenses, \$15.00; dental and other professional fees, \$31.00; donation to girl scouts, \$5.00.

Officers for the ensuing year are: President, Mrs. Ernestine Robbins; vice-president, Dr. L. J. Zimmerman; secretary, Miss Genevieve McCullough; treasurer, Mrs. Virgil Peltier; historian, Mrs. Selma Trieser.

## Why Not Slaughter Some of These Hogs?

## MOTHERS TO FETE ANTIOCH EIGHTH GRADE GRADUATES

The annual party sponsored by the mothers of eighth grade graduates will be held at the grade school at 6:30 o'clock Tuesday evening, the committee announced today. The event is held each year just prior to the closing of school.

The planning of the party is under the direction of a committee composed of Mrs. Arthur Maplethorpe, chairman, Mrs. John Brogan, Mrs. Lee Strang, Mr. A. Thurlwell, Mrs. John Horan and Mrs. Joseph Horton.

### PTA Plans Play-Day

Annual play-day for the grade children is being sponsored by the Antioch Parent-Teachers association, and will be held Wednesday, May 22. There will be games and contests for the children with prizes for the winners. Last on the program will be a baseball game between Antioch and Grays Lake.

Heading the committee on arrangements is Mrs. Joe Patrovsky, and she is being assisted by Mesdames J. Waters, A. Pesant, G. Phillips, R. Kufalk, W. Selter, F. Spangard and G. Bicknell.

## RESORTS ANNOUNCE SEASON'S OPENING

Pasadena Gardens has announced its spring opening to take place Saturday, May 18. The management is presenting Emil Sauerbraten and his Bavarian orchestra, WLS radio artists and a floor show featuring the dancing of Nancy Moore and Fausto Darling.

The 35th season opening of Renehan's resort at Round Lake will be staged Saturday, May 25, with entertainment throughout the day and in the evening. The management again will sponsor softball under electric lights during the summer season.

The Little Silver, which was formerly under the management of Sam Sorenson, will be opened Saturday, May 25, with entertainment and dancing.

On Saturday, June 8, the grand opening of the Night Owl, east of Fox Lake, will take place with Harry Day and his gay knights furnishing the music. He will feature Miss Frances Mack, "the personality singer."

## MANY TO HEAR DR. BRADLEY FRIDAY NIGHT

Plans to accommodate 150 have been made for the ladies' night dinner to be held Friday evening at the Methodist church at 6:30 o'clock. Ralph E. Clabaugh, secretary, said today. Reservations have been coming in rapidly during the last two days and there will be a full attendance, it was indicated by the committee. Those desiring tickets should secure them at once.

The speaker will be Dr. Preston Bradley, noted pastor of the People's church of Chicago, and he will have for his subject, "What Are We Facing?"

Mrs. William Basch of Kenosha was the guest of Mr. and Mrs. George Garland Tuesday.

## Rain Drops Itself Toward All-Time Record For May

Old Jupiter Pluvius, that ancient god who last year was scarier than heat prostration in Little America, is drizzling his way to a rainfall record this month that gives us moderns a rough idea of how Brother Noah must have felt.

Just about 2.12 inches more of rainfall in the last half of this month and the 7.32 inch precipitation record for May, 1933, will be smashed, according to all existing weather bureau records for this area. More than five inches have already fallen this month whose normal average for the entire 31 days is but 3.5 inches.

When the parching drought was starting its act last year, May managed to trickle about one-half of an inch. In fact, the first five months of 1934 have only 4.5 inches, as compared to 14.5 inches for the first four and one-third months this year.

## EXERCISES TO BE HELD FOR 65 8TH GRADE GRADUATES

Sixty-five graduates from eight schools of the community will finish the eighth grade this year and will be given diplomas at the promotional exercises to be held at the Antioch Township High school on Friday, May 24, at 8:30 o'clock. About 30 of the graduates are from the Antioch school.

The speaker will be Ode Kooter, assistant state superintendent of public instruction.

Community schools besides Antioch to be represented by graduates at the exercise include: Channel Lake, Grubb, Bean Hill, Grass Lake, Cedar Lake, and Oakland.

### 4-H CLUB NEWS

Four new members were added to the local 4-H Club membership roll at the meeting held Monday night. Due to counter engagements several of the members could not attend. Those present were: Donald Minio, Ward Witton, Robert Halwas, Robert White, Robert Bonner, Norman Edwards, James Bonner, Alfred Anderson, Robert Waters, Bill Craft, Homer White, Frank Verkest, Richard Waters, Robert Carney, Harold Edwards, James Herman. The local leaders, G. L. Kull, Bert Edwards and Lloyd A. well were also present.

After the meeting the boys had a game of soft ball in the high school gym.

## Claude Brogan Injured In Fall from Ladder

Claude Brogan is recovering from injuries received last Friday when he fell from a ladder, dislocating his shoulder and fracturing several ribs. Following the accident Dr. Varriner and Beebe were called. Today he is reported to be rapidly recovering at his home at 1034 Lake street where he has been confined since the accident.

## ANDERSON BOOSTED FOR C. O. P. LAKE COUNTY CHAIRMAN

**Others May Seek Post Vacated by Co. Recorder  
Howard L. Scott**

C. K. Anderson, president of the first National Bank of Antioch, is being mentioned by prominent adherents of the C. O. P. as a candidate to fill the chairmanship of the Lake County Republican central committee which was vacated Tuesday by Howard L. Scott of Fox Lake.

This was whispered among Republican precinct committeemen following the appointment of Ralph Phil of Zion, a deacon in the church of Overseer Wilbur Glen Vollva, who will act as temporary county chairman of the C. O. P. until a meeting of the full committee is held in the near future.

Scott, who was appointed county recorder, in his resignation declared that the duties of his new office require all of his time. He is still serving as postmaster of Fox Lake although it is claimed that Holmer D. Carlson of Fox Lake had been nominated as his successor.

The committeemen are non-committal on others who may be in the race to fill the Republican county chairman job, but they believe one or more aspirants will be in the scramble for the office.

## POPPY SALE TO AID DISABLED VETS

**School Children Make Posters for Drive Sponsored by Auxiliary**

Thirty-five pupils of the sixth, seventh and eighth grades of the Antioch schools are busy this week making posters to be used in connection with the annual sale of poppies sponsored by the American Legion Auxiliary.

Miss Harwood is directing the work of the children in the competition, and there are to be prizes given for the best posters. The winning poster is to be entered in the state contest, and the winner there will compete in the national contest. The posters are to be completed by Monday.

Grade school pupils in the contest are:

**EIGHTH**  
George Bartlett, Mildred Horan, Jimmy Maplethorpe, Robert Straus.

**SEVENTH**  
Raymond Baehke, Irene China, Billy Girard, Bob Hawkins, Francis Pacini, Danny Palaske, Albert Sorenson, Billy Teckert, Mildred Van Patten, Maurice Verkest, Lucille Waters.

**SIXTH**  
Charles Anderson, Joyce Anderson, Jack Horan, Dorothy Miller, Adolf Pesant, Florence Petersen, Frank Petty, Gilda Pierce, Roberta Selter, Bill Soffley, Jeanette Whited.

## STARTS AUDIT OF VILLAGE BOOKS

The annual audit of accounts of the village of Antioch was started today by E. F. Laurin, certified public accountant of 10 S. La Salle street, Chicago. Results of the accounting will be made known in about a week, the auditor said this morning.

Laurin, who audited the village books last year, is also doing work of this nature for private firms in this locality.

## Waukeganite Betrothed to Howard J. Mastne

Mr. and Mrs. Harris Miller of Waukegan announce the engagement of their daughter, Miss Virginia, to Howard J. Mastne of Antioch, son of Mr. and Mrs. Frank Mastne. The bride-to-be graduated from Waukegan Township High school in 1931 and from the Marinello beauty school, Chicago. Mr. Mastne attended the Illinois Wesleyan college at Bloomington and has been known throughout Lake county for his athletic ability in baseball and basketball. The wedding date has not been set.

## "Pop-eye" Takes a Peep at Antioch

"Pop-eye, the sailor man," who is appearing at the Marbro theatre in Chicago, and his wife spent a few days this week in Antioch, stopping at the Antlers hotel.

## Better Housing Committee Ready to Open Campaign

**Stroke Proves Fatal  
To Mrs. C. Van Patten**

Last rites for Mrs. Charles Van Patten, who died early Wednesday morning at Victory Memorial hospital, Waukegan, will be held at 2 o'clock Friday in Strang's funeral home.

Mrs. Van Patten who was 56 years old was stricken by a stroke nearly a year ago from which she never recovered. She is survived by her husband and one daughter, Georgia of Chicago.

Before her marriage, she was Miss Agnes May Paddock, having been born on Dec. 13, 1889, on the farm now owned by Henry Grimm, and spent her entire life in Antioch township.

Rev. S. E. Pollock will conduct the funeral services and burial will be in Hillside cemetery.

## Young Mother Dies After Short Illness

**Hold Funeral Service Monday for Mrs. Phyllis Poulos**

Funeral services for Mrs. Theodore Poulos were held Monday afternoon from the home of her parents, Mr. and Mrs. C. E. Heanings, 880 Hillside avenue, Antioch, with the Rev. L. V. Sitter officiating. Following the service here a second service was held in the Forest Home chapel in Chicago where burial was made.

Phyllis Heanings Poulos was born in Chicago April 20, 1911, and died in Elgin May 9, 1935, following a brief illness.

She was graduated from grammar school in Chicago and later attended the Antioch high school for three years. She was married to Theodore Poulos Oct. 13, 1929. She is survived by her husband, two sons, Thomas and Peter, aged 4 and 3 years, mother, father and two sisters—Mrs. Leona Petersen, Evelyn, Elaine, Shirley and Theodore.

After having made their home in Chicago, where Mr. Poulos has been employed for several years the family removed to Antioch several months ago.

## McMillen Tames Aspiring Grappler At Libertyville

Jim McMillen of Antioch, one of the leading challengers for the heavyweight wrestling crown of the world, put away the tough Milwaukee Swede, Olaf Olsson, with a few well placed flying tackles to win the headline bout of the wrestling show staged in Libertyville last week.

After tickling McMillen with a solid kick in the stomach and administering his specialty, a punishing face lock, Olsson began to taste the Antioch lad's fury as the flying tackle followed by body slams knocked the Milwaukee strong-boy dizzy.

So! Slagel, who bends himself into shapes resembling a pretzel with the cramps, contorted to a draw in the semi-final bout with "Gentleman" Jack Smith, who demonstrated the science art of eye-gouging for the customers. These gladiators melted on the mat like they were putting on a dress rehearsal for a race riot, and then called it a night.

Hans Bauer of Germany brought his asthmatic grunt and a few wristlocks into action to pin Joe Marsh; while barefoot Bobby Vernon downed ory-baby Jack Zarevich with a body-soulers and a substantial push on his opponent's biceps and grinding molars to complete the night's card.

## Real Estate Is on the Move Here

After having been practically at a standstill for the past five years, real estate in this locality is due for the most active year since the depression. It is indicated by realty brokers and others who state that many negotiations for the transfer of real property have been completed during the past ten days, among them the sale of James Stearns' cottage in the Myers Camp Lake subdivision to Howard Hahn of the Chicago Herald and Examiner. The deal was for cash.

## PUBLIC MAY SEE ANTIOCH EXHIBITS EARLY SATURDAY

**Federal Head Sets June 15  
as Nat'l Housing Day  
for Country**

"We expect to formally launch the Better Housing campaign in Antioch Saturday."

This is the belief of members of the local committee in connection with the National Housing program being sponsored by the Federal Housing Administration.

All the exhibits in their headquarters in the Naber building are ready for public inspection and all that remains to be finished is dressing the floors, installing office furniture and completing the installation of dealers' equipment, according to S. Boyer Nelson, field campaign manager of the Antioch organization.

While the local office opens for business in the next few days, word was received here last night from Washington, D. C., that a great mass construction of new homes will begin simultaneously in hundreds of communities all over the country on Saturday, June 15, in celebration of National Better Housing day.

### 7,400 Communities in Plan.

"Special exercises in observance of National Better Housing day are being planned for each of more than 7,400 communities in which Better Housing chairman, such as George B. Bartlett of your community, have been appointed," the announcement which was issued by Stewart McDonald, acting Federal Housing administrator, stated.

He pointed out that there are about 250,000 men and women actively engaged voluntarily in promoting the program in their respective communities. The Antioch campaign committee has 85 listed of its roster.

Speaking in behalf of the Lake County Firemen's association, of which he is secretary, John L. Horan explains the importance of the Housing program from the viewpoint of eliminating fire hazards on all property.

### Repairs Eliminate Fires.

"When we realize that 42 per cent of the people in cities of 100,000 population or more are using kerosene lamps and candles, and that 80 out of every 100 farm homes are without electricity, we fully understand the need for home improvement," he said.

"According to statistics, it would require 250 years for fire to destroy all farm buildings in Illinois at the present rate of fires. Neglect will do the job as completely in 50 years. By taking advantage of the Housing program, you can repair an unsafe chimney which may cause fire any day or night or a worn-out roof which is highly inflammable."

The local committee estimates that the campaign will stimulate building in this community to the extent of at least \$100,000 in improvements. This figure is considered conservative compared with the 1926 record high when \$750,000 was expended in the community's building and improvement projects.

Percy Wilson, regional director, states that repair and modernization work totalling \$11,555,325.38 is already under way in northern Illinois. Applications for 273 loans for new homes, amounting to more than \$1,400,000, have come to his office. He quotes figures showing that communities surrounding Antioch have started the ball rolling with construction of new homes and improvements. Some of the larger places mentioned were: Evanston, Rochelle, Mt. Morris, Freeport, Berwyn, Melrose Park, Bellwood, Rockford, Belvidere, Dea Plaines.

## Visits Antioch After 50 Years

Mr. and Mrs. J. A. Enochs of Payson, Wash., started their return trip today to their home after having spent a week in this vicinity calling on old time friends of Mrs. Enochs, who lived here during her girlhood days. She had not returned to the city for more than 50 years. While here they visited with Mr. and Mrs. N. S. Burnette and Mrs. Ed. Fox of Pikeville.

## THE PRESIDENT'S ADVISERS

President Roosevelt's reluctance to sign the Patman bill has drawn fire from prominent statesmen and leading publications throughout the United States.

Arthur Brisbane, world's highest salaried editorial writer, says the people wonder who has convinced the president that interest-bearing bonds are to be preferred in paying the war veterans' compensation.

Says Brisbane in the Chicago Herald and Examiner: "The only objection to the Patman bill apparently is that it would cost the government of the United States ONLY two hundred million dollars, the amount that the veterans would get. There would be no annual 66,000,000 interest take-off for bond buyers.

"Somebody prefers to issue bonds, which would compel the government, after giving two thousand two hundred million dollars to the veterans, to pay in interest an equal amount to money lenders, that never sit in the trenches or got any nearer to them than the Waldorf-Astoria hotel.

"The people wonder who has convinced the President that it is necessary for the richest government in the world to go to the pawnbrokers, and, for every dollar it borrows pay another dollar in interest."

## NEW FRONTIERS

It has often been said, during the past five years, that the way to solve a depression is to develop new frontiers. The only trouble with that solution in the present depression is the lack of frontiers to develop.

One frontier is still left, however—Alaska. Only a minute portion of its food is produced within its boundaries—the rest must be imported from Continental U. S. As a result, a scheme which FERA officials set upon in January, is now getting under way.

In southern Alaska is the Matanuska Valley, with 76,000 rich acres, which now houses but 117 families. FERA plan is to transplant bankrupt farm families to the valley from U. S. farming regions, put them to work producing necessities. Winter temperatures in the valley are higher than those in northern Michigan, Minnesota, etc., so there is no climate problem. Each

family will be given equipment, livestock, a house and 40 acres, worth \$3,000, which they can repay to the Government with 3 per cent interest over 30 years. First families started for the valley a fortnight ago. The plan has vast possibilities—has enlisted the sympathy of many observers.

## PROSPERITY AT THE GRASS ROOTS

It has often been said that "real prosperity must begin at the grass roots"—that is, on the farm.

Statistics support that belief. The great bulk of our population depends for its living on agriculture—and depression has tended to send more people back to the farm, because of the impossibility of finding jobs in industry. The American farmer still provides the greatest single market for consuming the products that our factories produce.

As a result, no citizen can afford to think that he has no personal interest in the ups and downs of agriculture. Good times for agriculture help make good times for all businesses, all workers—precisely as depressed agriculture hits us all.

Foresighted citizens, as a result, are throwing their weight strongly behind any movement whose purpose is to advance the farmer's social and economic status. The farm cooperative movement, among others, has been given the genuine support of industrialists, economists and others who have no connection with farming, but who know that prosperity at the grass roots is essential to national well-being.

## AN INVITATION TO THE CORONER

Your chances of being involved in a fatal automobile accident are much greater on highways than anywhere else. Bad as the urban accident rate is, the death toll is mounting fastest in rural territories, even though traffic is less dense.

Last year 167,000 accidents occurred on highways. The result was 160,000 injuries—and 13,000 deaths. By contrast 286,000 city accidents caused but 8,000 deaths. In 1934, the rate of death per accident on highways was more than 100 per cent greater than the average for all accidents combined.

The reason isn't hard to find. The modern highway is wide and smooth, rarely congested. It looks as safe as your own back-yard. And, as a consequence, thousands of drivers relax behind the wheel, and step hard on the accelerator. When a crisis arrives, they react too slowly, or are going too fast to avoid a smash—and death follows.

That is especially worth remembering now, with the appearance of summer. Most motorists will be making trips into the country—and they should keep in mind the unhappy fact that somnolence on the highway is an invitation to the coroner.

ing, interment was in Fox Lake cemetery.

Mrs. Murrie who lives in Lake Forest, spent last Wednesday with Mrs. Hooper.

Mrs. Frank Hamlin and Mrs. Troy Ballenger spent Thursday of last week in Chicago.

Mrs. B. J. Hooper has not been receiving very encouraging reports concerning the illness of her father who lives in California, so her sister, Mrs. Eleanor Kunzer and Dorothy Hooper started Tuesday morning to be with Mr. Tiede, and Mrs. Hooper and Lorraine left Friday morning to be with him.

Mrs. Mary Miller who has been with relatives in California, Mo., for the winter, has returned to her home here for the summer months. Her son and wife, Mr. and Mrs. Earl Miller, who have been living in Chicago, are with her.

A telegram received by B. J. Hooper after Mrs. Hooper had started for California, stated that her father, Mr. Tiede, has passed away on Saturday.

Mr. and Mrs. Edgar Kerr and family of Bloomington, Ill., Mr. and Mrs. George Mitchell, Helen Ann and Mrs. Harriet Mitchell of Chicago, Mrs. May Kerr and her mother of Whitewater, Wis., also the William Weber family of Sand Lake were guests of Mr. and Mrs. James Kerr on Sunday. Ray Kerr, who is stationed at St. Louis, was the only absent member of the family.

Mr. and Mrs. Lester Hamlin and sons drove to Lowell, Ind., near South Bend, on Sunday and spent the day with relatives.

Mr. and Mrs. Henry Potter of Waukegan, who have only recently returned from a winter spent in Florida, called on friends here the first of the week.

Mr. and Mrs. Rolnabach, Betty Rolnabach and Mr. and Mrs. Frye attended the Passion Play at Zion last Sunday evening.

The banquet at the church last Wednesday evening honoring mothers and daughters of the community was one of the most outstanding social events sponsored by the Aid Society for some time. One hundred and fifteen attended. The dining room was decorated in spring colors of paper streamers, with bouquets of cut flowers and tapers carrying out the color notes. Miss Cornelia Roberts, teacher in the Antioch High school, was the principal speaker of the evening. Mrs. De Selms, the pastor's wife presided as toastmistress and Mrs. C. B. Hamlin as president of the Aid Society, welcomed the group. Miss Masterson led the group in

songs appropriation to the occasion; Mrs. Perry gave the toast to the daughters and Catherine Boehm the toast to the mothers. Little Rosemary De Selms gave a recitation, and Vanita Philippi a saxophone solo. The committees, consisting of Mrs. Pederson, Mrs. Fred Hamlin, Mrs. De Selms, Mrs. Frye, Mrs. Perry, Mrs. Swanson, Mrs. Fish, and Mrs. Meyer were in charge of a program and all banquet arrangements.

The work of remodeling the church was started this week, with C. B. Hamlin in charge. Much of the work, in fact, nearly all is volunteer work, and anyone who can help, even for a day or so, will be welcomed.

Mrs. Mary Murphy, known in the village as Grandma Murphy, celebrated her 92nd birthday at her home where she lives with her son, J. J. Murphy and family, last Wednesday. Although confined to a wheel chair, she takes an active interest in all things about her. In the early years she lived there for 18 years, and there living there for 18 years, and had quite a share in that good work, so the boys of the school band marched to her home and gave her quite a serenade, which she thoroughly enjoyed. Many friends came in to extend congratulations and well wishes, that she may celebrate many more birthdays.

## WILMOT

Helen Loftus was home from the Wisconsin University at Madison over the week-end with her parents, Mr. and Mrs. Guy Loftus.

Mrs. Hannah Boudien and Mary Boudien entertained Mrs. John Beath of LaCrosse and son, Andrew Beath, from the Wisconsin University, Madison, over the week-end. Mother's Day, Mr. and Mrs. Harold Boudien and three sons of Burlington, and Mrs. Edward Boudien, Lorraine Boudien and Mrs. S. Christenson, Edison Park and Mr. and Mrs. Oliver Mathews, of Antioch were guests.

Mr. and Mrs. John Hasselman and daughters, of Kenosha, and Harry Hasselman of Sycamore, spent the week-end with Dr. and Mrs. H. C. Darby.

Mr. and Mrs. Raymond Stoxen entertained at a Stoxen family gathering at their home on Mother's Day. Forty-eight guests were present.

Mr. and Mrs. Charles Olsen and Deverly, Mr. and Mrs. Raymond Rudolph and Robert motored to Madison, Sunday. Mrs. Russell Ehlert who has been a patient at the Wisconsin General Hospital, returned home with them.

Mrs. James E. Carey, Twin Lakes, and Grace Carey were at Elgin on Friday for the funeral of Edward Holscher. Mr. Holscher was the husband of Ada Carey Holscher, formerly of Spring Grove.

Mr. and Mrs. M. M. Schnurr and children motored to Milwaukee to visit Mr. and Mrs. O. M. Andersen and to West Bend, where they were guests of Mrs. Ida Schnurr over the week-end.

The Wilmot Community Band is planning for a dance at the Wilmot gymnasium the last of the month. On Sunday, May 26, they will play at a Decoration Day program at Silver Lake.

Mr. and Mrs. Clifford Pacey were in Kenosha on Thursday.

A delegation from the local Lodge I. O. O. F. of Salem, Lodge 42 at Wilmot visited the Park City Lodge in Kenosha Friday evening.

Glen Pacey was home over the week-end from the Wisconsin University.

Mrs. Clara Morgan, Alleen Morgan and Dr. B. Homan, Chicago, and Howard Zorcz and daughter of Milwaukee spent Sunday at the Runkel home.

Mrs. John Sutcliffe underwent a major operation at the Woodstock hospital on Tuesday. Mrs. Ferdinand Beck accompanied her to Woodstock.

Guests at the F. Beck home Sunday were Mr. and Mrs. P. Meyers and family from Waukegan.

Mr. and Mrs. H. Richards have opened their summer cottage, Mr. Richards returned to Chicago, but Mrs. Richards and daughter, Martha, remained in Wilmot.

Sunday guests of Mr. and Mrs. John Sutcliffe were: Mr. and Mrs. Roy Young and family, Mrs. Charles Sutcliffe, Oak Park; Mr. and Mrs. Edward Draper and Mrs. F. H. Hahns, of Oak Park; Mr. and Mrs. John Sutcliffe.

There will be English services at

the Lutheran church at 9:30 and German at 10:45 on Sunday.

Rev. and Mrs. S. Jedele, Rhoda and Norman Jedele, Arthur Flegel and Miss Ruth Thomas were at Zion Sunday afternoon and attended the Passion Play.

Mr. and Mrs. John Stein of Madison announce the birth of a son, James Allen, on May 12. Mrs. Stein was formerly Margaret Montgomery, a daughter of Mrs. James Montgomery of Wisconsin Dells.

Mr. and Mrs. Ray Burton, George Hyde, Alfred Reynolds, Mrs. Jessie Pulge and Mrs. Elita Winn were dinner guests Sunday of Mr. and Mrs. Ray Klueber at Belvidere.

Mrs. Harry McDougall and daughter, Mrs. Donald Herrick spent Sunday with their mother and grandmother, Mrs. A. Runkel, at Wheatland.

Guests the last of the week at the home of Mr. and Mrs. T. C. Loftus were: Mr. and Mrs. Ed Scott of Fox Lake; Miss Alva Loftus, of Grays Lake and Mrs. Ray Perry, of Kenosha.

Mrs. Frank Ehlert, Mrs. Earle Haron, Mrs. H. Frank and Amy and Lola Haron gave a shower of aluminum and glassware for Miss Bernice Haron at the home of her parents, Mr. and Mrs. William Haron, Saturday afternoon. Miss Haron received many lovely gifts. Thirty guests were present, and luncheon was the afternoon's entertainment. Refreshments were served.

Miss Bernice Haron is to be guest of honor at a shower at Kenosha Friday evening, given by Miss Margaret Jensen.

There will be first Holy Communion at the eight o'clock mass at the Holy Name church next Sunday morning. Eight girls and nine boys are to receive. The boys are: Harold Laven-dusk; Herbert Bernhoff; Richard Epling; Charles Seltz; Andrew Seltz; Robert Schmidt; Philip Laven-dusk; Carl Neumann and Peter Seltz; Girls: Charlotte Kunde; Cath-erine Carey; Janet Neumann; Dor-othy Nienhaus; Marie Richter; Rose Zillbefer; Madeline Seltz and Jose-phine Seltz.

Ten little flower girls: Shirley Schmidt; Peggy Carey; Ruth Rich-ter; Mary Seltz; Barbara Semler; Agnes Bussiere; Loretta Kowalki; Dorothy Bussiere; Kathleen Schlax and Patricia Carey have been chosen to lead the procession of communi-cants into the church and form a line from the front pew to the altar rail-ing as the communicants pass into the sanctuary where they recite in a body the Apostles Creed and the Our Father and renew their baptismal vows.

They all return to the front pews and during the mass will take part in the singing of hymns in honor of Blessed Sacrament, Jesus and the Blessed Mother. The communicants will go up to the altar two by two when they receive communion.

The summer schedule of masses at the Holy Name will start on Sunday, June 2. Rev. J. Flann will have mass at Twin Lakes, on standard time, at seven and nine o'clock, and Rev. L. Hargarten, of St. Francis Seminary at Wilmot at eight and ten.

Seventy-three dollars have been raised by donations and card party

## LAKE VILLA

Mrs. Arlyn Stratton  
The hearts of all in the village and community are beating in tender sympathy as the death angel has again visited one of our homes and called a loved one.

Mrs. Arlyn Stratton was born in the city of Chicago, May 10, 1897, and departed this earthly life at St. Therese's hospital on May 8, 1935, at the age of 37 years, eleven months, and twenty-eight days.

On July 18, 1917, she was united in marriage to Mr. Harry Stratton. To this happy union two sons were born, Jack and Dick. She was a loving mother, always thoughtful of her boys and her home.

She leaves to mourn her passing, a devoted husband, her two sons, of the home; her mother, Mrs. O. G. Horem, other relatives and a host of friends.

Our Loss is Heaven's Gain  
Jesus while our hearts are bleeding,  
O'er the spoils that death has won,  
We would at this solemn meeting  
Calmly say, "Thy Will Be Done."

By thy hands the boon was given  
Thou hast taken but thine own  
Lord of earth and God of Heaven  
Ever More "Thy Will Be Done."

Funeral services were held at two o'clock Saturday afternoon from Lake Villa Community Methodist Church with the Rev. T. E. DeSelms officiat-

ing. Funds toward the folding chair fund for the Holy Name basement hall.

Many members of the Holy Name Society have given a spiritual bouquet of Holy Communion for the silver jubilee celebration of Archbishop Stritch.

Mr. and Mrs. W. Cairns and daughters and Mr. and Mrs. George Marich of Kenosha were at Milwaukee Saturday afternoon to call on Clarence White at the Veterans' hospital.

Union Free High School  
The banquet and dance for the alumni will be held at the gymnasium Friday evening, May 25.

Waterford was defeated by the High School baseball team, 8-7 and Union Grove by a score of 14-4.

The Honor Students in the class of 1935 are: Rose Zerfas, Emily Fiegl, Dorothy Pepper, Fern Berry, and James Yanke.

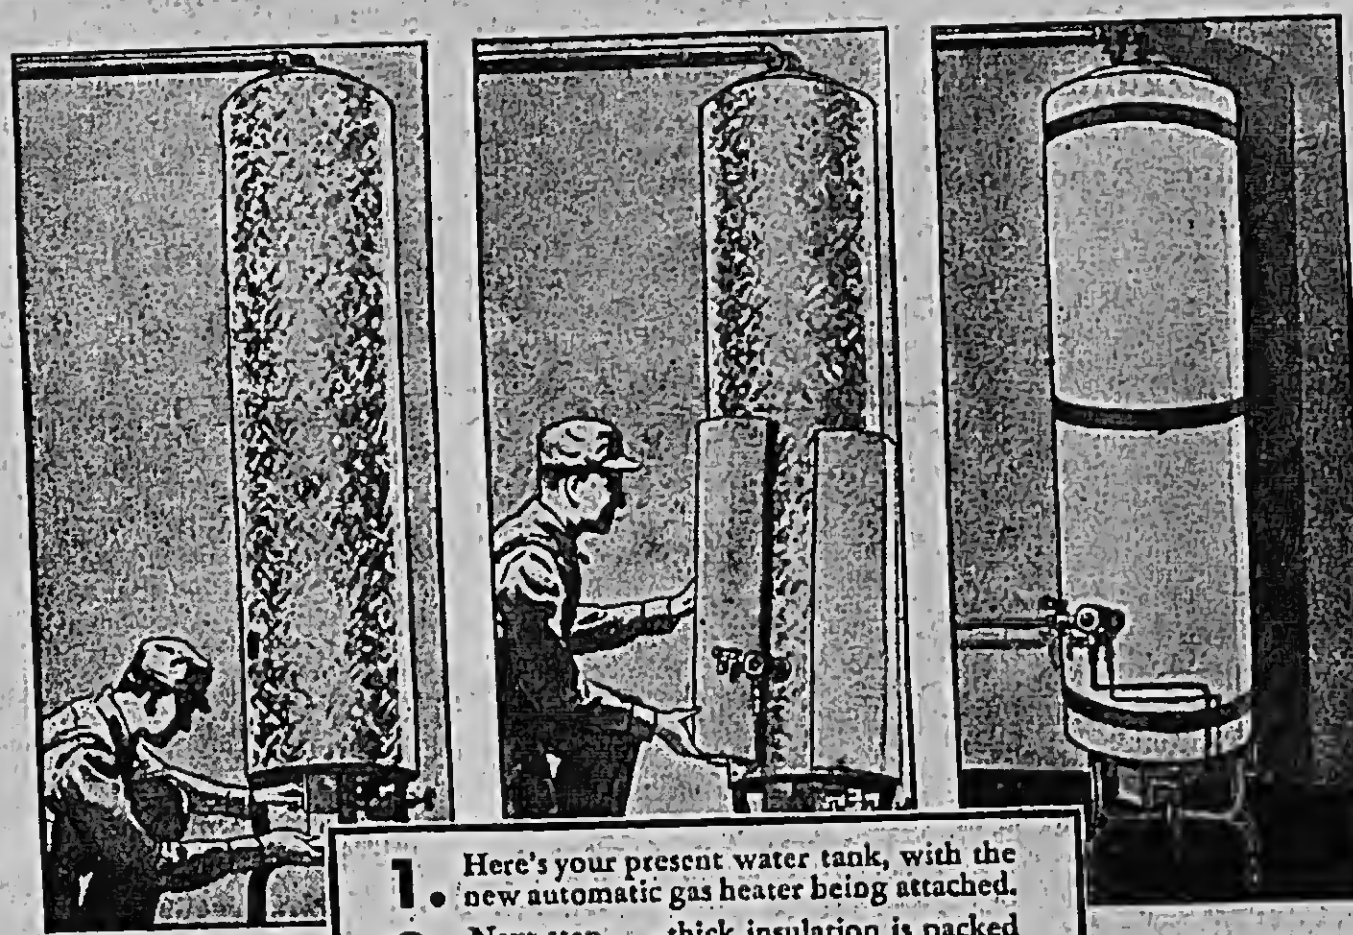

Principal M. M. Schourr and William Lieske attended the annual meeting of the South Eastern Wisconsin Conference at Rochester. Mr. Schourr was elected president of the association for the coming year and C. A. Tuttle of the Norris Farms School, secretary and treasurer.

The Echo was distributed last week.

The following placed in the local board's Dalrymple Dairy judging contest: Glenn Axtell, Joe Groff, Lyle Mecklenburg, James Petersen, Buddy Von Schlotter, Arthur Schultz, Rodell Schenning, Kenneth Maves, Vernon Rinyard.

Rev. J. Flann was in Milwaukee Tuesday for the day with his sister, Miss Ellen Flann.

# AMAZING OFFER

1. Here's your present water tank, with the new automatic gas heater being attached.
2. Next step... thick insulation is packed all around the tank to keep the heat in.
3. All done! Tank is completely insulated and covered, ready to use.

only **\$24.00** for

## AUTOMATIC GAS HOT WATER SERVICE

Your old tank converted into an automatic heater in a few hours. No Down Payment. 24 months to pay

HERE is the quickest and most inexpensive way to enjoy the comforts and advantages of automatic gas hot water service. Install a storage tank conversion heater! For a remarkably small investment you can have this job done in a few hours. Only \$24 will cover the cost of converting a 12-

inch tank into an automatic heater! No down payment is required—and you have 24 months to pay. Think of it! Only \$1 a month for automatic gas water service. Take advantage of this new low cost plan to remodel your water heating system. Visit your nearest Public Service office for full details.

# Union Free High School Is Pride of Wilmot Community

## Century-Old Institution Upholds Traditions of Its Founders

By HAL J. HAZEN

Ever since the pioneers of Wilmot decided their youngsters were entitled to an education just one hundred years ago, classes have been graduated each year, regardless of handicaps to be overcome in supplying this learning.

In this modern generation of radios, automobiles, electricity—yes, even adequate supplies of drinking-water; not to mention such items as gymnasiums, athletic fields, playgrounds, auditoriums—it is impossible to visualize the unselfish interests and sacrifices of this handful of pioneers.

They confronted "Public Enemy No. 1 of 1835" as he molested the community, menaced whomsoever he met, encouraged his henchmen to collect a few hundred scalps and otherwise made the lives of these pioneers miserable with threatened massacres. His name was Black Hawk and his henchmen were that warring tribe of Indians who bloodied the pages of American history.

However, between fighting Black Hawk and furnishing their families with a living, these pioneers accomplished the task of constructing and opening the first school in Wilmot.

### WISCONSIN NOT STATE WHEN SCHOOL OPENS

One hundred years ago, just a few months before the Territory of Wisconsin with its total population of 11,000 was even recognized by the United States Government, these Wilmot pioneers erected an imposing structure (for that day), consisting of three rooms—one upstairs and two downstairs. Each year added to Wilmot's educational progress, culminating in its present monument—the Union Free High School.

The pioneers struggled along providing their children with an education until 1848 when Wisconsin was admitted to the union as a state and the free public school system was established by the lawmakers at the State Capitol in Madison.

The next three decades saw an amazing increase in population in the community with the result that the school building became too small to accommodate the additional number of children seeking an education. Again the community fathers met in 1879 and erected additions to the original school building. More additions were added as the student body continued to enlarge until the property became worth more than \$10,000 in 1933.

### IS HIGH SCHOOL DISTRICT IN 1904

Scholastic accomplishments of Wilmot grade scholars attracted considerable attention throughout the state and in 1904 the community was formally recognized as a "common district high school" by the state educational heads. Immediately the school directors met and leased the school building to the newly formed high school board. The educational duties were quickly placed under two high school teachers and Wilmot's Union Free High School began doing business.

Within twelve months the teachers proudly announced the first annual Commencement program, and beaming parents, school directors, taxpayers and residents crowded to the Graduation exercises where the class of '05 stepped up to receive diplomas.

These charter members among more than 300 from Wilmot's Union Free High School are: Rosa B. Bufton, Grace M. Carey, Helen Carey (Mrs. Wallace Dobyns), Lillian E. Darby, Edith Hatch Allen, Henry Blim and Laura Loftus (Mrs. Ray Ferry).

So the educational program sailed along with two teachers at the helm for the next eight years when the needs of residents in parts of the townships of Salem, Randall and Wheatland, caused state authorities to expand the district.

UNION FREE HIGH SCHOOL

In 1918 one of the additions, a wing comprising two more rooms, was built and a modern hot air heating system installed.

### SEEK COMMUNITY AID FOR \$10,000 GYMNASIUM

Seeing the need for physical as well as mental development, the

High School district and Joint district, number 9, were held.

Mr. Ihlenfeldt again stepped from his county education office back into the Wilmot community.

Present school principal Marlin M. Schnurr, who puts his love of training children ahead of himself,

### BOARD OF EDUCATION

George Dean, Treasurer  
Bassett, Wisconsin

Otto Schenning, President  
Fox River, Wisconsin

R. C. Shottliff, Clerk  
Wilmot, Wisconsin

community saw another improvement in 1922 when Miss Ermine Carey, a member of the 1908 corps of graduates, and R. S. Ihlenfeldt, present superintendent of schools in Kenosha county, who was principal of the high school at that time, circulated a petition for a gymnasium. Within a comparatively short time, Wilmot had a \$10,000 gymnasium, built from funds donated by the Women of West Kenosha County Fair and tax assessments. The members of the community joined the movement immediately, a tribute to their willingness and personal sacrifice for the good of the rising generations.

Besides the installation of a heating system that met the state educational requirements in 1924, and improvements in 1929 when a class room and boys' and girls' rest rooms were added, the people of Wilmot had their education task pretty well under control—then came fire and disaster.

### FIRE FAILS TO STOP WILMOT EDUCATORS

In the early hours of Sunday, New Year's Day, January 1, 1933, Fred Gauger, local blacksmith, discovered fire licking its destruction through the High School in the Grade school structure. The classrooms were burned out and after nearly a century of tradition and building, the people in the surrounding vicinity left the loss as deeply as the death of a parent.

But hardly had the ashes cooled before H. W. Smith, Wisconsin state building inspector, met with the district and township boards to make plans for accommodating classes during the remainder of the school year. They looked to the gymnasium for the answer, partitioned off the stage for classrooms, transformed the balcony into another room, and made rooms in the basement.

Thus, school continued without interruption.

While classes could be conducted temporarily in the gym, the community faced another problem. They had to build a new school. And the well-advertised depression was in a depression just about that time. Various plans were advanced to construct a new building. Special meetings of both the

brought his rare ability and influence into action.

High school directors, Otto Schenning of Fox River, George Dean of Bassett, and R. C. Shottliff of Wilmot, likewise got behind the movement.

Mr. Schnurr and Mr. Ihlenfeldt advanced their ideas on educational equipment. Both men earnestly incorporated the ideals of their profession into classroom construction.

By the first of May, 1933, construction contracts for the present High School were awarded and they began to see their dreams come true in the \$45,000 Wilmot Union Free high school. H. B. Kiltostic of Winona, Minn., was the contractor with Law, Law and Potter, the architects.

### NEW SCHOOL REBUILT IN LESS THAN YEAR

During the summer the educators and the community dwellers watched with interest the progress

THE GYMNASIUM

of the building, wondering if it would be finished in time to house the pupils in the fall. It was completed in the early fall and classes gave it life with their entry on the 30th day of October, 1933. By the 11th of November, the public was admitted for "the housewarming celebration" and on the last day of the month, John Calahin, State Superintendent of Schools, was the principal speaker at the dedication of the building.

In less than a year, during times of economic hardship, the people of Wilmot had replaced a school on the same grounds the pioneers had built their structure in defiance of the warring Black Hawk. Principal Schnurr had seen his dream of an ideal educational institution come into being. County Superintendent of Schools Ihlenfeldt had added another page to his book of achievement. The school directors, Messrs. Dean, Schenning and Shottliff, had again seen that the confidence placed in them by parents, faculty and students had been rewarded. And members of the district have every reason to be

proud of their Union Free High School.

However, "walls do not a prison make," any more than do they make a school—it is the spirit and achievement behind them. As in former years the guiding spirit was from Principal Ihlenfeldt, for the past six years the spirit has been carried on by Principal Schnurr, who brought student activities to a high point of development.

### PRINCIPAL SCHNURR HAS STUDENT COUNCIL

One of Mr. Schnurr's foremost organizations in the school is the Student Council which was founded in 1931. Through this means, he has secured a representative body composed of students from various classes who can present problems from the student viewpoint. This Council brings about understanding and harmony between the students and faculty. It is the legislative body of the school, meeting regularly each week.

All actions of the Council are subject to veto by the school principal, but due to earnest and sincere work by its members, the veto has seldom been used. There are two representatives from each class and the officers are selected from these representatives. The Council President must be a Senior; Vice President, Junior; and Secretary and Treasurer may be either Sophomore or Freshman.

Principal Schnurr, who was formerly an agriculture instructor in the school, also guides the work of the Judging Team which has won representation at the annual judging contests at Madison for the last eight years. The Future Farmers of America club was organized by him in 1928.

### RETURNS TO ALMA MATER TO INSTRUCT MUSIC

Miss Gladys Bufton, of Silver Lake, who graduated from the Wilmot high school in 1927, is the guiding hand of the school's musical organizations. It was County Superintendent Ihlenfeldt who installed courses in music and music appreciation in the schools; but it is Miss Bufton who has directed the course at Wilmot since 1932 when she succeeded Mr. Aldrich of Richmond. Besides directing the Orchestra, Band, Boys' and Girls' Chorus, Miss Bufton is president of the Alumni association.

Miss Mildred Berger of Genoa City, created the school's Commercial club when she became a fac-

## Splendid Community Spirit Is This School's Greatest Asset

ulty member five years ago. Miss Ruth Thomas of West Salem, who teaches English and Latin, has cultivated dramatic and forensic activities among the students. She began the Dramatic club in 1929. The Girls' Athletic Association was organized five years ago by Miss Alice Kuenzli of Waukesha, who instructs courses in history and social science. The girls' gym classes are successfully conducted by her.

The remaining member of the faculty, William Lieske of Eau Claire, teaches science and mathematics and serves as coach for the various athletic teams which have boosted Wilmot in Wisconsin sporting circles.

### HIGH SCHOOL TEAM EXCELS IN BASEBALL

It has been mainly in baseball that Wilmot's high school has excelled, winning the southeastern Wisconsin conference championship for three successive years. The only games lost during this period have been to non-conference teams, the athletic record books reveal. Football and basketball teams representing the high school are always found to be strong in the conference.

Through an organization known as the Boys' Athletic Association, Principal Schnurr and Mr. Lieske are organizing intra-mural activities in sports. In this way, the educators expect to develop the athletic ability of their various students and thus present stronger teams to represent the school in competition with other community high schools.

### TWENTY-FIVE GRADES TO RECEIVE DIPLOMAS

When the thirty-first high school graduation rolls around in a few days, twenty-five more graduates will be added to the scroll. They are: Class President Dale Richards; vice-president, Glenn Axtell; secretary-treasurer, Fern Berry; John Bienenman; Lois Cairns; Emily Fiegel; James Fox; Harold Gauger; Beatrice Gillmore; Marion Gillmore; Joe Groff; Jeanette Hasselman; Corinne Lake; Kenneth Maves; Nina Mark; Lyle Mecklenburg; Ruby Memler; Edna Neumann; Libuse Novacek; James Petersen; Dorothy Pepper; Carol Riggs; Vernon Runyard; Grant Tyler; James Yank.

Co-operation by the community residents is the secret behind the high school. Everyone takes an active interest in it, displaying his willingness to help whenever the board of education requires aid. Their unselfish spirit is reflected in their school, their directors, their faculty and their principal. This, in turn, is passed along to the students themselves who, with one of the smallest student bodies in the state, have seen the successful consummation of activities which are generally limited to schools in large communities or metropolitan areas.

In their principal, Marlin M. Schnurr, they are fortunate in having the services of another educator who has ignored the monetary rewards of the commercial world and disregarded the success he could have achieved in any one of a score of professions in favor of devoting his splendid talents and tireless energy to training the younger generations for better positions in life.

### SAME DIRECTORS FOR SEVERAL YEARS

A thumbnail sketch of the school directors indicates that each has served in this capacity for more than nine years. R. C. Shottliff, clerk of the board, is Postmaster of Wilmot and operates the P. O. Store in the village. Otto Schenning, board president, is a farmer at Fox River, and George Dean, treasurer, operates a hardware store at Bassett.

These men believe that the public schools of the state are established for the children and must be maintained for them. Their record shows that they have always endeavored to fulfill this obligation—just as the spirit of the pioneers of Wilmot has been carried through each one of the one hundred years since the days of Black Hawk in 1835.

MARLIN M. SCHNURR  
Principal

PUBLIC CARD PARTY TO  
BE HELD AT MRS. OSMOND'S

The Gold Ladies are giving a public card party, at the home of Mrs. William Osmond, Wednesday, May 22nd, at 2 p. m. Prizes and refreshments. Price 25 cents.

MRS. ALLNER IS HOSTESS TO  
BRIDGE CLUB TUESDAY

Mrs. Richard Allner entertained the members of her bridge club Tuesday afternoon at her home on South Main street.

## Respect Women or Bell

The women of Bell receive the most perfect respect from their menfolk. Although every girl goes about naked from the waist upwards, street insults of the type common in Europe are unknown. Before marriage a girl is free to take her choice of lovers, but once she has come to a decision she must remain faithful, or the punishment is death.

## Spicach Keeps Hair On

He who cuts much spicach does well by his hair. Vitamin C, which is contained in spicach in great quantities, plays a very important part in the organization of the body. Shortage of this valuable vitamin results in impaired growth and premature old age, accompanied by the shedding of hair.—Pearson's Weekly.

## Indians First to Use Paint

Paint in earliest Colonial times was mainly a luxury, antiquarians have discovered. At first crudely mixed paint derived from clay, enhanced the appearance of room panelling or floor. When mahogany for cabinet work came into use, homemade furniture was often painted brick red in imitation of the expensive tropical wood.

## Japan's Cherry Trees Useful

Cherry trees in Japan serve several purposes: Their flowers, pickled in salt and soaked in hot water, make a tea substitute; their bark is used for decorative purposes, including furniture veneer, and their leaves, preserved to suit, are used in cake.

## Singing Mice

There are a few species of mice (including the well-known house variety) in which some of the individual rodents are capable of making sounds similar to the songs of certain birds (chirping, twittering, etc.). The "song" resembles the faint warbling of a canary.

## The "Petticoat Flag"

The "petticoat flag" was a real red petticoat, "hooped" and stayed" and flown from the mast of the Fayette on the occasion of the first filling of the Cheshire level of the Farmington canal on or about November 27, 1827.

## Honor Canoe Landing

At the spot at Maketu, in the Bay of Plenty, where the first Arava canoe landed in Australia 600 years ago, the famous Arava Maori tribe has set aside 10 acres as a public park.

## Camera Old to Chinese

The Chinese were familiar with the principle of the camera three centuries before Carl.

Choir rehearsal on Thursday at 4:30 P. M.

## CHRISTIAN SCIENCE CHURCHES

"Man" was the subject of the Lesson-Sermon in all Churches of Christ, Scientist, on Sunday, March 10.

The Golden Text was, "The steps of a good man are ordered by the Lord: and he delighteth in his way" (Psalms 37:23).

Among the citations which comprised the Lesson-Sermon was the following from the Bible: "And God said, 'Let us make man in our image, after our likeness; and let them have dominion over the fish of the sea, and over the cattle, and over all the earth, and over every creeping thing that creepeth upon the earth. So God created man in his own image, in the image of God created he him' (Genesis 1:26, 27).

The Lesson-Sermon also included the following passages from the Christian Science textbook, "Science and Health with Key to the Scriptures," by Mary Baker Eddy: "The Scriptures inform us that man is made in the image and likeness of God. Matter is not that likeness. The likeness of Spirit cannot be so unlike Spirit. Man is spiritual and perfect; and because he is spiritual and perfect, he must be so understood in Christian Science" (p. 475).

## Holds Paint Demonstration

Over 100 customers of the Itolbin paint and hardware store witnessed a paint demonstration by a factory representative Tuesday and Wednesday of this week. Mr. Roblin says the demonstration was most interesting and that those who did not see the actual demonstration can still see the finished work of the experts.

## Meaning of "Junket"

This word junket as often applied to congress was originally applied to a banquet, or a picnic or excursion with feasting but it has come to mean a trip at public expense by government officials to some distant post territory or public works for the purpose, they claim, of investigating conduct or for inspection. Congressmen, especially, have been noted in the past for their junkets to distant regions to log the American flag.—Pathfinder Magazine

## Cause of Static

Static is a natural atmospheric interference. It is caused by stray, natural electrical discharges, traveling through the same medium. It is more prevalent by day than by night and far more troublesome in summer than in winter.

## Classish Ants

There are more than five thousand distinct species of ants which cannot be interbred any more than tigers and rabbits among animals, according to "Wonders of Animal Life."

## Personals

Mr. and Mrs. Andrew Harrison were Chicago visitors Wednesday.

Mrs. Thomas Runyard and Mrs. Albert Chase and son, Albert, Jr., were guests of Mr. and Mrs. Charles McCorkle Sunday.

Mr. and Mrs. Oliver Matthews spent Mother's Day in Wilmett the guests of Mrs. Matthews' mother, Mrs. Hannah Boulden.

Miss Elleen Osmond, a student at DeKalb State Teachers' College, spent Mother's Day with her parents, Mr. and Mrs. Lester Osmond.

Mrs. Rebecca McGreal entertained Mr. and Mrs. Fred Hinan of Konoosha, Mr. and Mrs. Thomas McGreal and children of Waukegan, Mr. and Mrs. Henry Reinke of Antioch and Mr. and Mrs. Arthur McGreal of Bristol for Mother's Day.

Mr. and Mrs. Clem Passch of Konoosha were guests of Mr. and Mrs. Murray Horton Sunday afternoon.

Mrs. Roy Pierce was entertained at the home of Mr. and Mrs. Earle Horton Tuesday.

Mother's Day guests of Mr. and Mrs. James Babor were: Mr. and Mrs. George Malek and children, Mr. and Mrs. Edward Babor and Mr. and Mrs. Sam Schaar and son of Libertyville.

Mr. and Mrs. Carl Ball were in Konoosha Saturday.

Mrs. Sol LaPlant and son, Homer, spent the week-end in Chicago, the guests of Miss Mildred LaPlant, and also helped celebrate Miss LaPlant's birthday anniversary, at the home of Mrs. L. J. O'Brien.

Mrs. James Babor is spending this week in Chicago, the guest of her daughters and other relatives.

Miss Ruth McCorkle of Elgin spent the week-end at the home of her parents, Mr. and Mrs. Charles McCorkle at Grass Lake.

Mrs. George Yopp of Burlington spent Wednesday and Thursday with Mr. and Mrs. Lester Osmond.

Mrs. William Runyard, Mrs. John Horan, Mrs. Mary Wilton and Mrs. Ida Osmond attended a District meeting of the Rebekah lodge at Wilmette Monday afternoon and evening.

Fred Peterson, William Runyard, William Osmond and L. M. Hughes attended a meeting of the Odd Fellows lodge at Elmhurst Tuesday night.

Mrs. Zenith of Rushville, Nebraska, returned home Monday, after a visit with her sister, Mrs. Fred Boyd and family.

Mr. and Mrs. Arthur Lubkeman spent Mother's Day in Antioch the guests of their parents, Mr. and Mrs. William Grube.

Charles Grice of Deer Lodge, Montana, was the guest of his cousin, L. B. Grice, for the week-end.

Mrs. F. Powles and Mrs. Ardy Ausinger attended the Woman's Club meeting in Chicago Tuesday and Wednesday of this week.

Little Sue Garland spent Monday and Tuesday in Woodstock with her aunt and uncle, Mr. and Mrs. J. Philip.

## Card of Thanks

We wish to thank our friends and neighbors for their expressions of sympathy and acts of kindness during our recent bereavement.

Theodore Poulos  
Mr. and Mrs. C. E. Hennings  
and Family.

## Germinating Diamonds

Until comparatively recent times, superstitious people throughout the world thought that precious gems were capable of reproducing their kind. Tales of germinating diamonds are still common in South Africa.

Religious Council  
to Meet Monday in  
Fox Lake Church

An institute for teachers and workers and others interested in the work of religious education in the churches and Sunday Schools will be held at the Fox Lake Community church, under the direction of the Lake County Council of Religious Education, Monday evening, May 20th, beginning at 7:30 p. m. The program is as follows:

7:30 Devotional Service, led by Rev. Merrill F. Tope.

7:45 Address, "Why the Church School?" Rev. Fred Baldu, County President.

8:30 Discussion Groups:—

1. Workers with Children, led by Mrs. Eva E. Alling, Millburn.

2. Workers with Young People, Rev. Merrill S. Tope, Fox Lake.

3. Sunday School superintendents and other officers, led by Miss Irene Rockenbach, County Secretary.

9:15 Closing Song and Benediction.

## A & P Managers, Clerks Planned Sale This Week

P. E. Chinn, manager of the local A. & P. Food Store, with the aid of his clerks, have planned a sale which rivals any that they have had for the year.

For the company has set aside as Manager's and Clerk's Week, the week of May 13th to 18th. All the items in this sale were selected by the A. & P. manager and his clerks, and are the most popular ones with housewives.

Mr. Chinn says that this week of values has been carefully planned and that no matter where you look among his shelves or displays you will find values you really want.

"Housewives shopping at my store this week will receive the greatest food values of the year," says Mr. Chinn, "because when we pick em, they're real values."

## AMUSEMENTS

Charley Agnew at the Genesee. Charlie Agnew and His Orchestra are coming to Waukegan to give the music lovers a real treat. They are to be featured on the Genesee Theatre stage next Sunday. Dusty Roads, popular songster and Emile Ann Lincoln, lovely blues singer are two of Charlie's favorite entertainers.

They are now on a limited theatrical tour after just finishing a successful season at the Edgewater Beach hotel.

**ON THE SCREEN**  
"Princess O'Hara," Damon Runyon's breezy, saucy yarn that ran serially in Collier's Magazine last year, is the Genesee screen attraction on Sunday.

Jean Parker and Chester Morris are co-starring in this racy comedy, which supplies a laugh a minute in the typical Runyonesque dialogue, familiar to thousands of newspaper readers and movie-goers.

**CARD OF THANKS**  
We wish to thank our friends for their expressions of sympathy and kindness during our recent bereavement—the death of our beloved daughter, Doloris.

Mr. and Mrs. Burt Anderson and Children.

**Navy Uses Much Tin**  
Tin is a strategic material in the United States navy. It is necessary to the proper maintenance and operation of the navy in time of war. The principal items needed by the navy which require tin for their manufacture are containers for food, grease and oil; brass for bolts, nuts, screws, rivets, pipe, valve and flanges; solder and anti-friction bearing metals; manganese bronze and condenser tubes; airplanes and other implements of naval warfare.

**Real Jetsam**  
Coal-black jet was the craze of the Victorian age, says Tit-Bits Magazine. It was used in all kinds of jewelry, chains, pendants, brooches, and buttons, and the working of jet is one of the oldest industries in the country. In the villages around Whitby, in Yorkshire, rough brown lumps of jet are still collected. It is found in seams and sometimes pieces are picked up on the seashore, worked smooth by the pounding waves.

**The Western Reserve**  
The Western Reserve is a tract of land of 3,600,021 acres near Lake Erie which was reserved by the State of Connecticut when the states ceded their western land to the federal government after the Revolutionary war. Connecticut gave up jurisdiction over Western Reserve in 1800, but kept title to the land and sold it to individual purchasers.

**The Greek Alphabet**  
The letters of the Greek alphabet, with the corresponding English letter, may be seen in any unabridged dictionary. They are: Alpha (a), beta (b), gamma (g), delta (d), epsilon (e), zeta (z), eta (e), theta (th), iota (i), kappa (k), lambda (l), mu (m), nu (n), xi (x), omicron (o), pi (p), rho (r), sigma (s), tau (t), upsilon (u), phi (ph), chi (ch), psi (p), omega (o).

**Sharks Eat One Another**  
Watchfulness, the law of the sea, applies to sharks as well as other fish. Their span of years—never yet counted by scientists—is dependent upon their own alertness, for, although only a shark can bite a shark, these monstrous fish are cannibals, and eat one another as well as everything else in the sea.

**Most Popular Hymns**  
The two most widely sung hymns in the English language, according to many hymnologists, writes Mrs. N. O. Carter, Knoxville, Tenn., in Collier's Weekly, are "Jesus, Lover of My Soul," which was published in 1740 by Charles Wesley, and "Hock of Acres, Cleft for Me," published in 1775 by A. M. Toplady.

**Ornaments Indicate Residence**  
Women of Walcheren, Holland, wear a gold ornament on the side of their head on market day to indicate the village from which they come. In medieval dress, crinoline-shaped skirts to their feet, some of them arrive on bicycle.

**Founding of Cleveland**  
Cleveland was founded in July, 1793, by surveyors from Connecticut who represented another company, which had bought a strip of land along Lake Erie. This land, says the Cleveland Plain Dealer, had been claimed by Connecticut by right of its old British charter, but it had relinquished rule over it to the federal government and had sold the land to the Connecticut Land company. The company, in turn, resold farms and town lots to people in Connecticut, New York and elsewhere, and these settled in the city and the region around it.

**First Church at Jamestown**  
The first church at Jamestown, Va., consisted of an awning made of old sacking, walls which were rafts of wood, seats of unhewn trees, the pulpit bars of wood nailed to two trees. Captain Smith says of this: "Yet we had daily common prayer, every Sunday two services and every three months the holy communion until our minister died." The tower of the Jamestown church which was afterward built is still standing.

**Saccharine Coal Tar Product**  
Saccharine is the imide of ortho-phthalic acid and is called scientifically orthobenzoisulphimide. It was discovered by Ira Remsen and G. Fahlberg in 1879 in the course of an investigation carried out at Johns Hopkins University, Baltimore, Md.

**Modern and Classical Greek**  
There is some difference between modern and ancient Greek. The vocabulary has changed by the infusion of loan words from other languages, notably Italian and Turkish, though the infusion has not been so great as to give the language the appearance of a mixed language. After the establishment of the Greek kingdom, in 1830, there was a stronger movement toward the purification of the modern language and a closer conformity to the ancient Greek idiom.

**Idiosyncrasy**  
Idiosyncrasy, meaning a constitutional peculiarity, is correctly used in the same manner as one would use peculiarity. One does not say, "He has a peculiarity for strawberries," but "A peculiarity of his is a craving for strawberries." Hence, "An idiosyncrasy of his is a craving for (or an aversion to) strawberries."—Literary Digest.

**Ghazl, Title of Honor**  
Ghazl (pronounced gah-zee) is merely a title of honor. It is an Arabian word which, when translated literally, means "warrior." In Turkey it has come to mean "victorious warrior." Among the Moslems, however, it was used to designate one who had slain a great number of infidels.—Pathfinder Magazine.

**Dancing on the Ceiling**  
Up to a few years ago in the rural sections of the Tyrol in Austria, the "ceiling dance" usually ended each party. Believing their partners upside down over their heads, the husky maidens would dance on the floor while their men danced on the ceiling.—Collier's Weekly.

**Odd Beliefs**  
Millions of Americans who are otherwise intelligent still believe that fish is a brain food, that they harm a watch by turning its hands backward, and that rats through some instinct always desert a ship before it starts on an ill-fated voyage.—Collier's Weekly.

**Missionary Work in Africa**  
Missionary efforts in Africa began more than 100 years ago when six American missionaries and their wives went to Transvaal and Natal.

## THE LAWYER EXPLAINS

By Attorney Bernard J. Juron

### BILL OF RIGHTS

The Second Article of the Constitution of the State of Illinois is known as the Bill of Rights, and consists of certain constitutional guarantees, which you should find interesting reading. They are as follows:

#### SECTION 1.

All men are by nature free and independent, and have certain inherent and inalienable rights. Among them are life, liberty, and pursuit of happiness. To secure these rights, governments are instituted among men, deriving their just powers from the consent of the governed.

#### SECTION 2.

No person shall be deprived of life, liberty, or property without due process of law.

#### SECTION 3.

The free exercise and enjoyment of religious profession and worship, without discrimination, shall forever be guaranteed, and no person shall be denied any civil or political right, privilege or capacity on account of his religious opinions; but the liberty of conscience, hereby secured shall not be construed to dispense with oaths or affirmations . . . or justify practices inconsistent with the peace or safety of the State. No person shall be required to attend or support any ministry or place of worship against his consent, nor shall any preference be given by law to any religious denomination or mode of worship.

### SECTION 4.

Every person may freely speak, write or publish on all subjects, being responsible for the abuse of that liberty; and in all trials for libel, both civil and criminal, the truth, when published with good motives, and for justifiable ends, shall be a sufficient defense.

### SECTION 5.

The right of trial by jury, as heretofore enjoyed, shall remain inviolate; but the trial of civil cases before justices of the peace by a jury of less than twelve (12) men may be authorized by law.

### SECTION 6.

The right of the people to be secure in their persons, houses, papers and effects, against unreasonable searches and seizures shall not be violated, and no warrant shall issue without probable cause, supported by affidavit, particularly describing the place to be searched, and the persons or things to be seized.

### SECTION 7.

All persons shall be bailable by sufficient sureties, except for capital offenses, where the proof is evident, or the presumption great; and the privilege of the writ of Habeas Corpus shall not be suspended, unless when in cases of rebellion or invasion the public safety may require it.

### SECTION 8.

No person shall be held to answer for a criminal offense, unless on indictment of a grand jury, except in cases in which the punishment is by fine, or imprisonment otherwise than in the penitentiary, in cases of impeachment, and in cases arising in the army and navy, or in the militia, when in actual service in time of war or public danger; provided that the grand jury may be abolished by law in all cases.

In the next issue we shall take up the question of Workman's Compensation.

### Idealism

The power of idealism is a curious power of seeing what we like or admire and then trying to imitate it; seeing things that are beautiful and trying to make other things like them; this power of idealism being a great guiding force in the upward movement of humanity.—Kansas City Times.

**Invention of Lace**  
Germany claims the invention of lace. A townswoman in Annaberg read: "Here lies Barbara Uttman, died 14 January, 1576, whose invention of lace in 1531 made her the benefactress of the Hartz Mountains." Barbara Uttman, however, learned to make pillow lace from a Breton exile. She set up a workshop in Annaberg employing 30,000 workers. French refugees in northern Germany improved lace-making there and Italian influenced work in Bavaria and Saxony, but German lace never acquired artistic reputation outside of Germany.

### Naval Nations

Only the United States, Great Britain, France, Italy and Japan are the real "naval nations." The next forty countries have only insignificant fleets, while the next twenty have none at all, this latter class including Belgium which, for economic reasons, abolished its navy in 1928.—Collier's Weekly.

## Yesterdays

News of By-gone Years in Western Lake County

## Forty Years Ago

Last Thursday is said to be the hottest 9th of May in the memory of the oldest inhabitant, the thermometer registering 90 degrees in the shade at noon.

Half an inch of snow decorated our streets last Sunday morning, but it didn't last long or do much damage.

The question of street lamps is agitating the minds of many of our progressive citizens, who believe in the usefulness as well as the ornamental. About thirty lamps would be required to light the streets in passable shape. Let us have light.

The town hall has been very much improved, by putting in a new floor, new lamps, and last but not least, a sufficient supply of cuspidors that all who will may come to expectorate on the floor—or expect to get fired by the new marshal.

## Twenty Years Ago

Township High School Assured

The Election Thursday Last Makes Township High School Possible

Proposition Was Carried

Rural Dist. Voted Their Approval of Higher Educational Institution for Antioch Township

Antioch is at last to have the much needed and much desired credited high school. So much was decided upon by the voters of the township at the special election held on Saturday last week. The vote was not very heavy, only 134 votes being cast in the total. Of this number 103 were in favor of the proposition and 32 were against it. One noticeable feature of the election was the failure of the majority of the township people to take enough interest in the matter to go to the school house and express their opinion in some way or other, and another was the readiness with which the voters in the rural school districts fell in with the idea, and to them is given the credit of the measure having carried.

A special election has been called for May 29th, at which time a township high school board consisting of a president and six trustees will be elected. This board will then proceed to make arrangements for the selection and purchase of a suitable site for the new school, the erection and equipment of the building as well as for its future maintenance. Mr. Simpson informed the district that the school was in existence as soon as the vote was directed in its favor, and that it must be open for the reception of pupils, at the opening of the coming year next September and if its own building is not ready at that time it will have to be opened in temporary quarters.

## Fifteen Years Ago

Chris Mortenson and family visited relatives in Kenosha Sunday.

The Ladies' Guild will meet with Mrs. William Kelly on Wednesday, May 26th.

Wm. Grey has sold his residence on North Main street to Jake Drom and will give possession next week.

The Antioch base ball team will play the first game on the home grounds on the Naber lot west of town on Sunday afternoon, June 13. Their opponents will be Otto Lehman's picked team.

The committee in charge of the road work on Rt. 1 has decided to dispense with the tractor and to employ a man with a team to look after the route. Wm. Goupe has taken the job.

Mr. and Mrs. Frank Cerney of Chicago and Ed Babor of Kenosha were Sunday guests of Mr. and Mrs. Babor of Antioch.

## Ten Years Ago

Sidewalks Being Laid.

Extensive improvements on cement sidewalks on Main street have been made during the last few days, and it will not be very long before all the walks along the street will be in very good shape, which will be appreciated by many in seeing the added improvement on our Main Street.

Fire Department Practice

Don't be alarmed if you see the fire truck making runs on our streets these nice evenings. The boys think they need practice as they know when everything is quiet sometimes the worst can be expected, so they are preparing themselves.

The Penny Post

The Penny Post was an institution transplanted from London by Benjamin Franklin soon after he was appointed one of the two deputy postmasters for the Colonies in 1753, and like its London counterpart, and grown up in the post office but, strictly speaking, was not a government function. The main difference between the two was that in London the profits from the local post were assigned to a court favorite, while in America they were the perquisites of the individual postmasters or the carriers whom the latter might appoint.

## TRENDS FAVORABLE IN STATE BANKING

Recent Figures Indicate Large Increases in Deposits and Invested Funds

Improvement in the condition of state banks in almost every respect during 1934 is shown by statistics recently assembled. Robert M. Hanes, President Wachovia Bank and Trust Company, Winston-Salem, North Carolina, points out in an article in "Banking" published by the American Bankers Association. The figures on which this statement is based were gathered by the Committee on State Bank Research of the association from reports furnished by state bank supervisors throughout the country.

"Ever since 1921 the number of state banks has been declining," Mr. Hanes says. "Between 1931 and 1934 the decline was rapid. Figures for December 31, 1934, showed that the downward trend has not yet ended, but the decline last year was the smallest in twelve years."

There are now, he says, about ten thousand state banks, which term includes all state chartered institutions with the exception of mutual savings banks. The article continues:

"Even more significant was the ending of the decline of deposits in state banks which had been going on since the collapse of the stock market boom in 1929. In recent years for which figures are available the drop has been particularly abrupt. Total deposits in state banks declined from \$20,395,762,000 on December 31, 1931, to \$15,424,823,000 on December 31, 1933. The record for 1934 shows a recovery to \$17,508,766,000 at the year-end."

Significance of Increased Deposits

"It is particularly gratifying to note the expansion of deposits, since it was their decline which made necessary the liquidation of investments, the calling of loans, and all the other phenomena which go under the name of 'deflation' and have brought banks so much criticism in recent years. It is now plain that this was due to efforts of the banks to place themselves in the possession of enough liquid assets to meet the growing demands of depositors for the return of a part of the money which had been placed on deposit."

"That this is true is borne out by the movement of invested funds of state banks, which has paralleled that of deposits. These invested funds (loans and discounts plus investments) for state banks, dropped from \$20,291,320,000, at the end of 1931, to \$14,915,773,000 at the end of 1933. By December 31, 1934, however, they had recovered to \$15,769,510,900. All of this gain is accounted for by the increase in investments during 1934, the expansion amounting to approximately \$1,309,000,000."

"As for loans and discounts, they registered a slight drop again in 1934, but the rate of decline was much smaller than in previous years, which in itself is progress. Whereas the drop in loans and discounts amounted to approximately \$3,309,000,000 in 1932, and to approximately \$1,300,000,000 in 1933, it was less than \$500,000,000 in 1934. "In another respect the balance sheet figures for December 31, 1934, were especially impressive. Bills payable and rediscouunts of the state banks, which at the end of 1932 had reached a depression high of \$669,709,000, had dropped by the close of last year to the low figure of \$32,101,000. One must search the records as far back as 1917 to find bills payable and rediscouunts of state banks at a lower figure. Moreover, it is reasonable to expect a further reduction of such borrowings during the current year."

## TO FOIL BANK CROOKS

NEW YORK.—The American Bankers Association Protective Committee has developed a plan of bank inspection to bring out exposure hazards or weak spots in respect to attacks by criminals based on its long-established, nation-wide experience in investigating bank burglaries, holdups and sneak thefts.

The inspection covers eighty leading questions and seventeen recommendations which are instructive in the prevention of such crimes. These relate to such subjects as the use of alarms and other protective equipment, also the condition of windows, doors, skylights and other entrances which have facilitated the early morning entry of bandits who kidnap bank employees from their homes during the night, or break into the bank premises and blind and gag the employees.

## BANKERS' HELP

"Save the Land and You Save the Man" is the essence of a suggested agricultural program recommended by the Arkansas Bankers Agricultural Committee. "Beware of impoverished soil. It leads to impoverished homes," says a statement sent to the banks to be distributed to their farmer customers. "To help nature save the land, build up the soil, by:

- Stopping soil erosion.
- Planting legumes.
- Raising livestock.
- Developing pastures.
- Look ahead with confidence—know what you are doing, therefore:
1. Draw up a farm inventory.
2. Keep a record, daily or weekly.
3. Budget expense, and keep within it."

## NATURAL FORCES AID BUSINESS RECOVERY

By R. S. HECHT  
President American Bankers Association

ALTHOUGH, as official studies of business conditions show, business is still far from having struck its full stride, nevertheless,

R. S. HECHT

I believe that there is growing a broader public perception that the people of this country must make their own prosperity and not wait for the Government at Washington to make it for them. In other words, normal economic vigor and vitality of the United States is slowly but inevitably bringing a return of natural business recovery.

## The Fundamental Cure

Like a doctor, the administration can help nature. But the fundamental healing processes will come from natural causes and not from political remedies. Despite the slackening of business now apparent, despite expressions of disappointment we hear from various quarters, nevertheless I am confident that these fundamental healing processes, if not spectacular, are none the less surely at work.

Gradually our business leaders are showing greater confidence in the future and are assuming a more forward looking position. I firmly believe that if we will make up our minds to replace fear-psychology with confidence-psychology the results will fully justify such a new attitude.

## BANKERS' ASSOCIATION STIMULATES ADVERTISING

The American Bankers Association's Advertising Department reports rapid progress of the use by banks of the informative bank newspaper advertising prepared by it for members to assist them in rebuilding public confidence and good will in their communities.

The central theme of this advertising service deals with the "essential line of economic and social service that all sound banking inherently renders the depositor and the public," the report says, showing that "it is not banking laws which make banking useful and safe, but that fundamentally it is honesty and skill in management under private initiative."

The Advertising Department is supplying about a thousand members of the association with newspaper and other advertising material. The newspaper material totals about 50,000 advertisements annually. The growth of the work of the department is shown by the following figures: On September 1, 1934, the number of banks being served regularly each month was \$23. The total number on April 1, 1935, was 924, an increase of 301 regular subscribers, or 49 per cent in a period of seven months.

## WARS ON BANK ROBBERS

National Bankers Association Pressing Active Steps to Protect Members—Losses Cut

Imprisonment or death of many desperate bank criminals the past year has brought no appreciable reduction in attacks on banks. James E. Baum, in charge of the American Bankers Association Protective Department, has reported to his organization.

In the six months ended February 28, 1935, he says, banks were targets for 159 daylight holdups and 40 night burglaries. He added that although banks that are not members number only about half those enrolled in the association, they suffered a far greater rate of attack, namely, 61 per cent of all the bank robberies committed during the period.

## Losses Show Decrease

During the period under report, bank burglars and bandits exacted tribute amounting to \$943,551 compared with losses totaling \$1,257,000 a year ago, he said. This reduction in losses is attributed to the time-locking restrictions and other limitations in the exposure of surplus cash imposed last year by underwriters and several bank supervisory authorities.

The sharp reduction in the material loss of money and securities resulting from bank robbery this year was "over shadowed by the killing of 2 bank employees, one bystander and 5 innocent officers," and since last August bank robbery also cost the lives of 15 criminals and caused physical injuries to 11 bank employees, 12 bystanders, 9 attacking burglars and 8 bandits, a total of 62 casualties.

Investigations by the association agents resulted in the arrest of 2 forgers, 42 bandits and one burglar. 78 of the 141 bank criminals reported as being apprehended during the period.

## HICKORY

Joe Woltz underwent an operation at St. Catherine's Hospital in Kenosha, Saturday morning.

Mr. and Mrs. Roy Kennedy and children from Chicago visited over Sunday at the Frank Kennedy home.

Wilbur Hunter and son, Jerry, drove to Oak Park Saturday evening. Mrs. Lois Hunter returned home with them for over Sunday.

Mr. and Mrs. Leo Thompson of Wheeling called at George A. Thompson's Saturday evening.

Mariellen and Wilson King are home from school with the chicken-pox.

Mrs. W. J. Andersen of Antioch visited our school Friday afternoon and presented Helen Thompson with the first award, which she won in the essay contest on "Belgium" given by the local chapter of the American Legion Auxiliary.

Two new scholars started school Monday morning. They are both beginners, Alice Pedersen and Ageo Nielsen.

Miss Dorothy Hunter spent Monday in Bensenville where she took part in the Music Festival.

Mr. and Mrs. Max Irving and sons visited Mrs. O. Andersen at Millburn Sunday afternoon.

Miss Rose Woltz visited our school Monday.

Wilbur Hunter, daughter, Dorothy, and Mrs. Hugo Gussarson were Kenosha shoppers Thursday afternoon.

Mr. and Mrs. Will Thompson and Helen visited the D. B. Webb home in Millburn Sunday evening.

Mr. and Mrs. Nels Nielsen received a letter this week from their son, Billy, from Norfolk, Virginia. He writes that he is going to Service School for four months and will be on the boat later.

Mr. and Mrs. George Thompson and sons, Harold and George, visited Mr. and Mrs. Leo Thompson in Wheeling Tuesday evening.

## The "Keystone State"

On the Fourth of July, 1774, the Continental congress convened in Philadelphia to vote upon adoption of the Declaration of Independence and thus decide whether the thirteen colonies should secede from the British empire. Before the Pennsylvania delegation arrived, notes G. R. Turner in the Kansas City Times, twelve states had voted with the result that six were in favor of independence and six were opposed to separation from the mother country. When the Pennsylvanians came in, John Morton cast the deciding vote for independence. Thus Penn's vote, by its vote, decided the great issue and rightly earned the popular name of "the Keystone State."

## Michigan, Indian Name

The name, Michigan, is believed by some authorities to have been derived from "mich-sang-yen-gan" of the Ojibwa language. This does not seem at all unreasonable, as there are more than five thousand inland lakes in the state, to say nothing of the Great Lakes waters that come very near to surrounding it, for "mich-sang-yen-gan" means land of lakes.

## REEVES' DRUG STORE

Antioch, Illinois

Making Emery Wheels  
Emery wheels can be made by mixing about one ounce of shellac to a pound of emery. Use finely powdered shellac and add a small portion of rosin, a piece about the size of a walnut, to an ounce of shellac, and a piece of old vulcanized India-rubber about the same size, to give toughness. These are well mixed and melted together.

## Make Your Frostings to Fit Color Schemes

Colored frostings are effective, made to fit into color schemes.

Vegetable coloring in liquid or paste form may be added in small amounts until just the right color is obtained. Delicate tints are more attractive than deep colors.

If you decide to use liquid coloring, add a drop at a time, and if you use paste, place a little on the tip of a knife, add it to the frosting and beat until it is evenly blended. Coconut, either the dry shredded or the moist packed variety, lends itself beautifully for this purpose.

### Cool Cakes First

Cakes that are to be frosted with boiled frosting should be cool and should have a crust that is free from loose crumbs and the frosting should be cool so that it does not run or soak into the cake. If the layers are not even place them so that the cake, when frosted, will be uniform in thickness. Frost the top of the cake first, putting the frosting on in the center and working it out lightly to the edges with a knife or the back of a silver spoon. Next frost the sides, keeping the knife free from crumbs. Use quick, light, deft strokes.

Rich cakes, light angel foods, require simple icings, while plain cakes may be swathed in sumptuous swirls of rich icings. Uncooked frostings are most popular because they are simply and quickly made.

### Simplicity

In all cake decorations simplicity should be the watchword. Artistic designs, such as flowers, names or borders may be traced upon a frosted cake with the aid of a pastry bag. Any uncooked frosting made with eggs whites, also butter frostings may be used satisfactorily in a pastry bag for decorating your cake.

**Marshmallow Coconut Frosting**  
2 tablespoons Marshmallow cherry juice

1 tablespoon lemon juice  
1/4 cups confectioners' sugar  
1/2 can moist coconut

Combine the fruit juice, add the sugar gradually until the mixture is of the right consistency to spread, beating well. Then spread it on the cake and sprinkle with the coconut. This recipe will make enough frosting to cover the top of an 8x8-inch cake.

**Mocha Coconut Frosting**  
3 tablespoons butter  
2 cups confectioners' sugar  
2 tablespoons strong coffee  
1 can moist coconut

Few grains salt.  
Cream the butter, add the sugar and salt gradually and cream until light and fluffy. Add the coffee slowly until of consistency for spreading. Cake, sprinkling generously with coconut. Spread between layers and on top of nut. This makes enough frosting to cover the tops and sides of two nine-inch layers.

**Hurry-up Filling**  
1 glass currant or grape jelly  
1 can moist coconut

Beat the jelly with a fork until it is of consistency to spread. Put it between the layers and on top and the sides of your cake. Then sprinkle thickly with coconut. This makes enough filling to cover the tops and sides of two nine-inch layers.

**SHORTCAKE**  
1 1/2 cups flour (not bleached)  
4 teaspoons baking powder  
1/2 teaspoon salt  
1 1/2 tablespoons sugar  
3/4 cup evaporated milk, diluted with 1/2 cup water  
4 tablespoons fat

Mix and sift the dry ingredients, rub in the fat and proceed as for biscuit, adding the liquid. Knead lightly a few seconds then roll out to one-half inch thick. Cut and place on oiled pan. Brush melted butter over top and place another biscuit on top of this. Bake in a hot, 425 degree oven. To serve remove the top biscuit, pour on one teaspoon of melted butter and spread with sweetened, crushed fruit. Put on top and add more fruit and garnish with whipped cream sauce. Serve at once. Serves six.

**ASPARAGUS RING**  
2 bunches asparagus  
3 tablespoons butter  
3 tablespoons flour  
1/2 cup evaporated milk  
1/4 cup meat stock, or water  
4 eggs, separated  
1 teaspoon salt  
Pepper to taste

Make a white sauce of the flour, butter, milk and stock, add salt and pepper. Beat the egg yolks and pour the sauce over. Ool, then fold in the stiffly beaten egg whites, then add the asparagus which has been cut into 1-inch pieces, discarding the tough portions. Turn into a well buttered ring mold, place in a pan of hot water and bake at 300 degrees until set, or about 40 minutes. Unmold on a hot platter and in the center place cooked cauliflower, or sliced carrots, buttered. Serve with white sauce. Serves eight.

**Camel to Africa**  
Camels were not known in Africa in prehistoric times.

## Use Isinglass in Washing Neckties

For washing neckties one woman of our acquaintances uses a piece of isinglass 18 inches long and three inches wide at one end and one-half inch at the small end. This she runs up in the ties before washing. This keeps them from wrinkling and setting out of shape. Wash the tie and leave the isinglass in while drying. The tie will dry nice and smooth and will look as though it had been pressed.

## My Favorite Recipes

Frances Lee Horton says:

ON a cold, raw, fall day your family will be ready to do just about anything to get warm. There is something very satisfying about an old-fashioned steamed pudding at this season of the year. And, if it happens to be a chocolate steamed pudding, it becomes a happy combination of a favorite dish and a favorite flavor.

**Chocolate Steamed Pudding**  
2 cups sifted cake flour; 3 teaspoons double acting baking powder; 1/2 teaspoon soda; 1/4 teaspoon salt; 1/2 cup butter or other shortening; 1/2 cup sugar; 1 egg, well beaten; 3 squares unsweetened chocolate, melted; 1 1/2 cups milk.

Sift flour once, measure, add baking powder, soda, and salt, and sift together three times. Cream butter and sugar gradually, and cream together thoroughly. Add egg and chocolate, beating until smooth.

Add flour, alternately with milk, a small amount at a time, beating well after each addition. Turn into greased mold, cover, and steam 3 hours. Serve hot with hard sauce, or with whipped cream, if desired. Serves 10.

**Rich cakes, light angel foods, require simple icings, while plain cakes may be swathed in sumptuous swirls of rich icings. Uncooked frostings are most popular because they are simply and quickly made.**

**In all cake decorations simplicity should be the watchword. Artistic designs, such as flowers, names or borders may be traced upon a frosted cake with the aid of a pastry bag. Any uncooked frosting made with eggs whites, also butter frostings may be used satisfactorily in a pastry bag for decorating your cake.**

**Marshmallow Coconut Frosting**  
2 tablespoons Marshmallow cherry juice

1 tablespoon lemon juice  
1/4 cups confectioners' sugar  
1/2 can moist coconut

Combine the fruit juice, add the sugar gradually until the mixture is of the right consistency to spread, beating well. Then spread it on the cake and sprinkle with the coconut. This recipe will make enough frosting to cover the top of an 8x8-inch cake.

**Mocha Coconut Frosting**  
3 tablespoons butter  
2 cups confectioners' sugar  
2 tablespoons strong coffee  
1 can moist coconut

Few grains salt.  
Cream the butter, add the sugar and salt gradually and cream until light and fluffy. Add the coffee slowly until of consistency for spreading. Cake, sprinkling generously with coconut. Camels were not known in Africa in prehistoric times.

## Labor Receives Almost Half of Each Steel Dollar

WHERE THE STEEL DOLLAR WENT

**PAYROLLS** of the steel industry take 41 cents out of every dollar received from gross sales, and are the largest single expense item in steel mill operation, according to figures received by the American Iron and Steel Institute.

This was revealed by an analysis made of the major expenses from 1914 through 1933 of steel companies representing 75 per cent of the steel-making capacity of the country.

Only 6 1/2 cents of the gross sales dollar during the 10-year period were paid to stockholders as dividends, and only one cent was added to surplus.

Six cents from each sales dollar were charged off for depreciation and obsolescence of equipment and facilities. Tax payments of all kinds took an average of 4 1/2 cents a year during the past ten years. One cent was paid out in interest charges.

The 40 cents remaining from the gross sales dollar after these items had been paid were spent for raw materials and for all the other expenses.

"Long" Name of Village  
"Long" is the name of a village in Finland.

## Food Market Advice

### Eggs and Butter Slightly Lower

EGGS are beginning to be a little more plentiful and with a lessened demand prices are lower. The high price of BUTTER prevented buying to the extent that it too, is a little cheaper.

Meat prices continue to soar but POULTRY, particularly DUCKLING, FOWL, FRYING and ROASTING CHICKENS are still moderately priced. VEAL has been less affected by rising prices than other meats and so it offers better value than hind-quarter cuts of BEEF and LAMB or most PORK cuts. Forequarter cuts of beef and lamb, suitable for slow cooking methods, such as stewing and braising, will best suit low level budgets.

**Many Vegetables Low in Price**  
POTATOES are a valuable food but a cheap one this year. An unjustified fear of their fattening quality has made many people lose sight of their satisfying flavor and general healthfulness. CABBAGE, KALE, COLLARD and MUSTARD GREENS, bulk CARROTS, PARSNIPS, TURNIPS, ONIONS and WINTER SQUASH are cheap. BRUSSELS SPROUTS, BEETS, SWEET POTATOES and YAMS are moderately priced.

**Variety of Salad Vegetables in Market**  
TOMATOES are plentiful and cheap for the season. ICEBERG LETTUCE

from California's Imperial Valley is excellent in quality and moderately priced. A head of LETTUCE, one of ROMAINE, one of CHICORY or ESCAROLE, and possibly some WATERCRESS or BELGIAN ENDIVE will last a long time and provide a variety of dinner salads at little expense. This type of salad is best served with French dressing.

### Fine Grapefruit Now Cheap

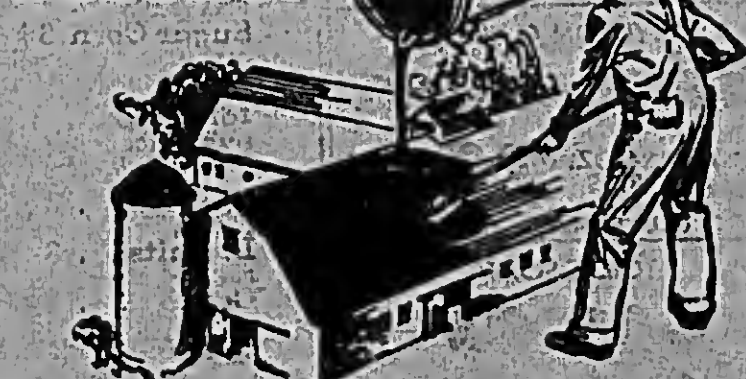

Good quality GRAPEFRUIT are plentiful and cheap. This is fortunate as there will be few good FLORIDA ORANGES in market until the new crop VALENCIAS arrive in early February. However, there are plentiful supplies of good NAVEL ORANGES at moderate prices. While used largely for eating, salad and dessert purposes, navel oranges are also good for juice. Both cooking and eating APPLES are plentiful and moderate in price. Apples and citrus fruits make up the bulk of fresh fruit available. These can be supplemented with dried and canned varieties.

Here is a menu made up from foods which are both seasonal and moderately priced:

Tomato Juice Cocktail  
Roast Veal - Baked Stuffed Potatoes  
Buttered Spinach or Greens  
Tomato Salad  
Bread and Butter  
Caramel Junket  
Tea or Coffee Milk

\*This menu tested and tasted in the A&P Kitchen.

### The Salt-Water Pike

The barracuda is a salt-water pike. In general conformation the fish closely resembles a big, great northern pike or muskellunge. It is gray, marked with black on the back, shading through silver to white on the stomach. It is considered one of the most savage fish that swims and its great gaping mouth, armed with sharp slashing teeth, make it an instrument of destruction probably not equaled by any other fish its size. While an inferior baiter to many game fish found in the same water, its strike is terrific. It hits a trolled lure or bait with a viciousness calculated to destroy and does not hesitate to mutilate other fish nearly or quite its equal in size.

### Dogs Have Topknot

Many dogs of the Mexican hairless variety are crested with a topknot and carry a tuft of hair at the tip of the tail. In others it is bristly and upright. The eyes, lashes, are yellow, hazel or dark, bordered with pink or dark rim. Like that of an impatient race horse, the nervous tremor of the muscles and sinews is characteristic. Not classed for any particular utility, he is considered, however, a good hunter of rabbits and rats. His owners attest that his intelligence, brightness and affection more than repay the tolerance of his unprepossessing appearance.

### Bloods Always Wins

That man who always preferred blond hair is supported by a number of facts in history. One of the best indications is that in the heyday of wigs it was the blond ones that were at a premium. The dark wigs were cheaper and made of horse or goat hair while the blond wigs were made of human hair.

### First to Play Juliet

In the first Shakespearean productions it was the custom to use boy actors for feminine roles. The part of Romeo was played by Burbage and an unidentified boy played Juliet in the earliest performances. Between the time of Burbage's death and the Restoration there are no records of Romeo and Juliet on the stage. From 1642 to 1660 parliament prohibited public stage plays. After the lifting of this prohibition, Sir William D'Avenant received from the king exclusive stage rights for the play. His original Juliet was Mary Saunderson, afterward Mrs. Thomas Belerton, who is apparently the first woman ever to have played the part of Juliet.

### Size of Yellowstone Park

Yellowstone national park is chiefly in the northwest part of Wyoming with narrow adjacent strips in Montana and Idaho. It covers a surface as the park proper about 32 miles in length, from north to south and about 54 miles in width, with an actual area of 3,350 square miles. To this region, as originally circumscribed, a forest preserve of some 2,000 square miles has been added on the east and south, giving a full area to the park of somewhat over 5,500 square miles.

### Degree of Unbelief

Infidel is a term given to disbelievers in religion by those who do believe, rather than by themselves. An infidel is one who does not believe in religion, or, often, in the particular religion of those about him. An atheist is one who denies the existence of a God; while an agnostic is one who professes ignorance as to whether or not there may be a God, a future existence, etc., and who often holds that man cannot possibly prove the matter either way. Thomas Huxley was the inventor of the latter term.

### Founding of Cleveland

Cleveland was founded in July, 1794, by surveyors from Connecticut who represented another company, which had bought a strip of land along Lake Erie. This land, says the Cleveland Plain Dealer, had been claimed by Connecticut by right of its old British charter, but it had relinquished rule over it to the federal government and had sold the land to the Connecticut Land company. The company, in turn, resold farms and town lots to people in Connecticut, New York and elsewhere, and these settled in the city and the region around it.

### First Church at Jamestown

The first church at Jamestown, Va., consisted of an awning made of old sailcloth, walls which were rails of wood, seats of unhewn trees, the pulpit bars of wood nailed to two trees. Captain Smith says of this: "Yet we had daily common prayer, every Sunday two services, and every three months the holy communion until our minister died." The tower of the Jamestown church which was afterward built is still standing.

### Tin-Producing Countries

The main tin-producing countries of the world are British Malaya, Bolivia, Siam, the Netherlands East Indies, British Nigeria, China and the Belgian Congo. The two little islands of Banca and Billiton in the Netherlands East Indies are among the largest virgin tin producers.

### Edinburgh, the Modern Athens

Edinburgh, Scotland, is one of the most beautiful cities in the world. It is called the modern Athens because of its topographical resemblance to the Greek city, its historic castle being built upon a rock similar to the Acropolis.

## CAPACITY DAY - AT BARDEN'S - IN KENOSHA

## VETS HOSPITAL INVITES PUBLIC

Dr. Goode Urges Residents of This Vicinity to Visit Hospital on Sunday

National hospital day, to be celebrated next Sunday, will hold a special significance at the U. S. Veterans Bureau hospital at North Chicago where open house will be held from 10 a. m. to 4 p. m. and a special program is to be given all during the day.

Dr. Delmar Goode, resident physician in charge of the hospital, has extended an invitation to the public to take part in the hospital day program, visit the institution and help in the entertainment of the war heroes who are still suffering from the effects of the war.

Hospital day, originated 14 years ago by Matthew Foley of the National Hospital Association, marks the birthday of Florence Nightingale, the patron saint of nurses and one of the greatest characters in the history of nursing.

In extending his invitation to the

public, Dr. Goode said:

"I am sure some have pictured our hospital as a gloomy, depressing place, but that is because they are not familiar with it.

There are certain things required of our patients as there are in any hospital. They must arise at 6:30 each morning, have breakfast at 7:15, see that their beds are made, and rooms tidy, go to occupational therapy at 9, return at 11:30 for dinner, and to occupational therapy in the afternoon from 1 to 3:30, supper at 5:15.

Movies are given twice each week and card parties, dances, birthday parties, or other recreational activities are held on other evenings. Forty patients each week during baseball season go to see the Cubs play in Chicago as guests of the club. The library is open daily. There are tennis, shuffle board, outdoor picnics, billiards, etc., to keep patients busy besides the other therapy. On the wards are large day rooms with tables, window curtains, floor lamps, hooks, etc., for patients' use. Every effort is made to make these places as home like as possible and the patients do appreciate it.

"It is our desire, therefore, to invite you and your duty as a citizen to visit our hospital May 12 and see

how the veterans in your community are being cared for. Then when you hear someone speak of the hospital you can visualize what they are talking about and you will know from your own observation the kind of treatment we administer. The hospital will be open to the public from 10 a. m. to 4 p. m. Guides will be available to show you through. Tea will be served visitors in the recreation building. There will be athletic events in which the patients participate in the afternoon. The American Legion and the 40 and 8 will send bands out and a full day's program is planned. See our X-ray, laboratory, physiotherapy, hydrotherapy, occupational therapy, library, recreation building, kitchen, dining rooms, and other things essential for the proper functioning of a hospital of this type."

## Dental Exams Are Made Of 516 In 11 County Schools

Dental examination of 516 children in eleven Lake county elementary schools has just been completed by the Lake County Dental Society with the cooperation of the Lake County Tuberculosis Association.

These eleven schools have been engaged in a course of Health Education sponsored by the Tuberculosis Association for the last nine months. Sixty-three children were found to have perfect teeth. The following statistics have been compiled from the dental records:

Use of the tooth brush: Daily—272; occasionally—205; never—38.

Number of cavities: temporary teeth—831; permanent teeth—996.

Slips will be sent home to the parents explaining what dental work is needed and urging that cavities in permanent teeth be given immediate attention.

## BOY SCOUT NOTES

Troop 91, of Antioch, held their regular meeting Monday evening at 7:00 o'clock, at the High School gym. We passed tests, had drill on marching, then played ball. We will go on a hike Monday after school. Bring food to cook and those who wish to pass cooking test bring 1/4-pound of steak and two potatoes. The hike for last week was postponed.

Scribe, Clarence Rosenstock.

## BUSINESS CHANGE

Right now there is an opportunity to establish a permanent and profitable business in this locality through securing the franchise for a well known and popular make of automobile. This is a chance which has rarely been available in the automotive industry. For information address or call The Antioch News. (11)

## GIRL SCOUT NOTES

"MOTHER"  
No nobler thoughts my soul may claim—  
No softer thoughts my tongue may frame—  
Than just that one word  
Mother—  
All of compassion; of goodness—of love—  
All of the sweetness of heaven above—  
God bless the name of Mother.

Plants Used for Beverages  
Among the plants that people of the world ferment or distill to make beverages, the Field museum exhibits coconut palms, the century plant, a pepper plant, banana, and cassava roots.

## TREVOR

A group of children from the Trevor school went to Salem on Friday afternoon to write Achievement tests. The pupils of the seventh and eighth grades wrote their County examinations at Wilmet on Saturday.

Billy Yopp, Jr., Grass Lake, spent Tuesday with his grandmother, Mrs. Louise Derler.

Mrs. Raymond Bushing, Channel Lake, called on Mrs. Charles Oetting Tuesday evening.

Mrs. Ed. Eisenbart, Burlington, called on her aunt, the Patrick sisters, Wednesday afternoon.

Mrs. William Kruckman, Burlington, and son, Kenneth Kruckman, wife and daughter, Jean, of Ogdensburg, New York, called on the Patrick families Thursday.

Miss Lillie Schumacher, near Pikeville called on Mrs. Pete Schumacher, Friday.

Mrs. Susan Carroll was a Chicago visitor Thursday.

Alfred Dahl was a business caller in Raelmo and Kenosha Thursday.

Miss Milla Schumacher accompanied her mother, Mrs. Ottila Schumacher, sister, Lillie, brother, Nick, and Ed Burns to Chicago Sunday to attend the confirmation of their grandson and nephew, Edward Kolberg.

Mr. and Mrs. George Higgins, daughter, Geraldine, and Mary Blood, Wilmet, called on their nephew and niece, Mr. and Mrs. Kermit Schreck, and also the Patrick sisters, on Sunday afternoon.

A meeting to plan for the school picnic was held at Social Center hall on Monday evening.

Karl Oetting, Chicago, spent the week-end with the home folks.

Mr. and Mrs. Chris Schafer, Jr., and son spent Sunday with the latter's parents, Mr. and Mrs. Freeman Higgins, Pleasant Prairie. In the after-

noon Mrs. Schafer accompanied her sister to Kenosha where they called baby son Raymond, at the Vander-son hotel, Mrs. Ralph Pofahl and moon home.

Miss Daisy Mickle, Fort Sheridan, spent the week-end with Mrs. Jessie Allen.
